APPLICATION FOR PATENT TERM ADJUSTMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant respectfully requests reconsideration of the patent term adjustment indicated in the notice of allowance in the above-identified patent application based on the following statement of facts.

1. Applicant agrees with the Office's patent term adjustment calculation of:

645 days, under 1.702(a)(1) and 1.703(a)(1), based on a filing date of 07-31-2000 and a date of mailing a non-final rejection on 07-07-2003;

57 days, under 1.702(a)(2) and 1.703(a)(2), based on a date of filing a response on 08-18-2003 and a date of mailing a non-final rejection on 02-13-2004; and

476 days, under 1.702(e) and 1.703(e), based on a date of filing a notice of appeal on 10-13-2004 and a date of a final decision in favor of the Applicant by the Board of Patent Appeals and Interferences on 01-31-2006.

2. Applicant presently believes that the patent term adjustment calculation should also include:

294 days, under 1.702(a)(3) and 1.703(a)(5), based on the date of the final decision in favor of the Applicant by the Board of Patent Appeals and Interferences on 01-31-2006 and a date of mailing the notice of allowance on 03-21-2007.

3. The present application is not subject to a terminal disclaimer.

4. Applicant presently believes that there were no circumstances constituting a failure to engage in reasonable efforts to conclude processing or examination of the present application as set forth in 1.704. However, Applicant

respectfully requests review by the Office to ensure that there is no reduction under 1.704 based on a final rejection (that fails to address claims 42-45) being mailed on 05-17-2004, a supplemental final rejection (that addresses claims 42-45) being mailed on 08-09-2004, and the notice of appeal being filed on 10-13-2004.

5. Based on the above facts, Applicant submits that the correct patent term adjustment is 1472 days, which is the sum of 645 days, 57 days, 476 days and 294 days. The aforementioned patent term adjustment is a preliminary result determined without knowing an issue date for the present application.

6. A fee set forth in 1.18(e) accompanies this Application for Patent Term Adjustment.

Respectfully submitted,

Cary D. Perttunen
